[Special to The Times-Dispatch.]
WHITE SULPHUR SPRINGS, W. VA., May 29.—This week marked the end of a month that, generally an off month and a month of quiet, American mountain resorts, but it was not so at White Sulphur this year, and the crowds of people and the good times remained there as on any day of the summer. That is, the summer season was even gay and livelier than April, and the week-ends during the past month eclipsed even the Easter season that heretofore has marked the climax of the spring season.

The summer cottagers have commenced to arrive, and many of the houses are now opened, and entertaining is under full swing. Mr. and Mrs. J. Howard Sloam have opened their cottage on Baltimore Road, and are now entertaining Mrs. Sloam's mother and sister-in-law, Mrs. William H. Conley and Mrs. Howard Woolley, of Long Branch, N. J. Master Howard Hayden Woolley is with them also.

They will hold many house parties during the summer, and among the guests who are expected within a month are Mr. and Mrs. Blaine Elkins and Mr. and Mrs. Arthur Lee, of Washington, and Mr. and Mrs. Lloyd Jones, of New York. Colonel J. E. Davis, of Charleston, has been at Tusculum for two weeks, and he will be joined in the near future by Mr. and Mrs. Edward Knight, of Chicago, and Mr. and Mrs. W. A. Merriman, of New York, who is spending several weeks here with her daughter, Miss Mildred Merriman.

Mr. Clark returned to White Sulphur after a week's absence in New York on business. He rejoined Mrs. Clark and his son-in-law and daughter, Mr. and Mrs. E. Kendall Rogers, of Paris, France. They will remain at the Greenbrier all summer.

Mrs. Thomas Carter, Miss Isabelle B. Carter and Miss Virginia Christian, of Richmond, arrived during the early part of the week for a vacation. They will return later for the summer season. Vanderbilt, Jr., who arrived one day later.

Achieves New Triumph

Dr. Harry Plotz

Dr. Plotz, the youngest bacteriologist of Mount Sinai Hospital, New York, who discovered the bacillus of typhus fever last year, has continued his experiments to such lengths that he has discovered an antityphus vaccine. In other words, a protective agent against the disease. The young physician made the announcement at a meeting of the 25th members of the New York Botanical Society, who acclaimed him as a distinguished scientific investigator. Dr. Plotz also announced that Dr. Hans Zimmer, the eminent bacteriologist, who holds the professorship of bacteriology of the College of Physicians and Surgeons of Columbia University, and who is now on his way to Berlin as a member of the Rockefeller expedition to study the typhus in that country, had been inoculated with the protective vaccine prior to his departure. The other members of the expedition were also inoculated at their request. Dr. Plotz became interested in his subject while yet a student. He succeeded in isolating the germ of the true epidemic typhus fever.

To Have Pretty Hair

If your hair is not as soft, as pretty, or as fresh and full as that of some friend, do as she does—give it daily attention, just the same care you would give a flower to make it grow healthy and beautiful. Luxuriant hair—soft, fluffy, thick and lustrous—is really a matter of care. If it is too thin, stimulate the hair roots and bring out the new hair. If it is too dry and brittle, soften it up—lubricate it. If you have dandruff it's because the scalp is too dry and flakes off. Freshen up the scalp and all dandruff disappears. An inexpensive tonic, called Parisian Sage, which you can get from Tragle Drug Co., or any drug counter, is just what you need—it softens the scalp, nourishes and invigorates the hair roots, immediately removes all dandruff and makes the hair fluffy, lustrous and abundant. One application will stop itching head and cleanse the hair of dust and excess oil. Parisian Sage takes away the dryness and brittleness, makes the hair seem twice as abundant and beautifies it until it is soft and lustrous.

By the use of this helpful tonic any woman can easily have beautiful hair; and pretty hair will surely increase charm and beauty.

MRS. VALENTINE READS SUFFRAGE RESOLUTION

Votes - for - Women Advocates in
California Describe Its
Success.

MISS VERNON MAKES ADDRESS

Mrs. Kate Langley Boshier Welcomes
New Junior Suffrage League.
Clubrooms to Be Kept Open During
Reunion Week.

Mrs. B. B. Valentine made two interesting announcements at the regular Thursday afternoon meeting of the Equal Suffrage League. "Denmark," she said, "has granted full suffrage to women, having granted partial suffrage some time ago. But what is better still, to us at any rate, the State of California has gone definitely on record as favoring woman suffrage. A concurrent resolution to that effect was passed by both houses of the State Legislature, and was signed by the Governor on May 12. It is officially known as Senate concurrent resolution No. 22, relative to the correction of erroneous reports regarding California's experience under woman suffrage."

TEXT OF RESOLUTION
ADOPTED IN CALIFORNIA

The text is as follows:
Whereas, the issue of woman suffrage is pending in many States of the Union, and
Whereas, the operation and effect of the enfranchisement of women in California is constantly being misrepresented in such States and used there as arguments in opposition to the granting of suffrage to women; therefore, be it

Resolved, by the Senate of the forty-first session of the Legislature of the State of California, the Assembly concurring, that the experience of this State amply justifies the adoption of woman suffrage by the people in October, 1911, and be it further

Resolved, that no successful has been the operation and effect of granting political rights to women equal to those held by men, that it is generally conceded that were the question to be again voted on by the people of this State, it would be followed by an overwhelming majority, and be it further
Resolved, that the adoption of woman suffrage by California is one of the important factors contributing to the marked political, social and industrial advancement made by our people in recent years, and that any disparagement of the cause of woman suffrage attempted elsewhere on the ground that woman suffrage is not satisfactory to this State, has no basis in fact, and is signally disproved by the acknowledged intelligence and discrimination shown by women voters in the settling of our great political and industrial problems at the polls."

Mrs. Valentine introduced Miss Vernon, who was to make a speech welcoming the members of the recently-formed Junior League, in whose honor the meeting yesterday was held.

"Although," she said, "Miss Vernon and I hold different opinions as to the methods by which suffrage should be secured, our belief in its desirability is the same, and so, considering her one of the finest speakers that our cause can boast, I have asked her to speak to you this afternoon, not about the methods for gaining, but about the need for woman suffrage."

Miss Vernon made a very able speech, begging the Junior League to determine to hand on the vote as their gift to the next generation, just as higher education had been given to them by their sisters who have gone before.

Mrs. Kate Langley Boshier also made a speech to welcome the new league, telling its members that they, at least, would surely live long enough to vote, even if, by unexpected misfortune, the senior league did not. Mrs. Adkins was chairman of the afternoon and introduced the speakers.

It was decided to open the clubrooms of the Equal Suffrage League to visitors during the reunion, and hostesses were accordingly appointed to be on hand every day this week to receive the guests. Mrs. Valentine announced that a number of counties had extended invitations to her to come and speak on the subject of suffrage, and the league-forming campaign would therefore go steadily on.
